

Don't Pollute the
Watershed
by Kim Pickett
Public Utilities

As you visit the various canyons along the Wasatch Front please remember that these areas are an important source of our drinking water and are designated as "Protected Watershed Areas."

The "Keep it Pure" signage shown above is posted in designated watershed areas.

Did you know...

- It takes less than 24 hours for the water you see in the stream to reach your tap.
- Activity in the canyons, the protected watershed areas, can have an immediate impact on the quality of our water.

YOU can make a positive contribution to our water quality by following the regulations posted on the signs at all trailheads, which includes NO dogs even if they are on a leash.

REMEMBER WHAT YOU SEE IN THE WATERSHEDS TODAY, YOU MAY DRINK TOMORROW!

Free Water Wise Classes

Sego Lily Gardens is offering the following classes:

May 20: Vegetable Gardening
